It provides an opportunity to recognize their many contributions, notable achievements and vision for a fair and meaningful reentry strategy. It seeks to foster a more inclusive role for previously incarcerated people throughout the planning, implementation and evaluation of processes impacting them.

**You’ve heard about reentry from everyone else...
Now hear from those who have “BEEN THERE”**

The audience and work-group participants will include heads of Local and Federal Criminal Justice Agencies and Institutions; Judges and Court Officials; Local and National Legislators; Heads of Various Religious Institutions, Board of Trade, Businesses, Non-Profit and Community Based Organizations; Service Providers; Families of Incarcerated and Previously Incarcerated Youth and Adults.
